

Are you tired of theories and want to create Canva templates to sell?

Then this is your Mastery guide.

I've been creating designs for Twitter, Pinterest, and eBook templates for about 2 years now.

Thus, I'm a better choice to learn Canva monetization from.

Right?

This course is for professional designers and also for beginner designers who want to create templates and make money selling it online.

You're going to learn:

- How to find templates to sell
- How to create
- And lastly to sell!

Let's find templates that you'll be creating to sell:

How do one find templates that are profitable and easy to create?

We're going to find the template in the Canva app?

Why in Canva?

Because Canva has its pro option and there we can find some pro templates that you can copy and sell on other platforms.

See how:
